

RE-ELECT OFFICERS OF TRUST COMPANY

No Changes in Merion Title as Five Directors Are Returned.

VOTE TWO DIVIDENDS

Re-election of five directors whose terms expired, followed later by the re-election of all old officers, marked the annual meeting of the stockholders of the Merion Title and Trust Company held Monday afternoon at the central office of the institution in Ardmore.

Over a million dollars increase in trust business during the past year, and an increase of almost a million dollars in deposits during the same period were revealed in annual reports made by the officers of the bank.

Other features of the meeting were the creation of another assistant treasurer post, which title was forthwith conferred upon John W. Murray, manager of the Cynwyd office of the Merion Title, and the declaration of two dividends, each of four per cent. One was the regular quarterly dividend, the other was an extra declaration. Both will be paid May 1 to stockholders of record April 24.

The five directors of the bank whose terms expired and who were all re-chosen for another three-year period were L. Stanley King, of Cynwyd; Parker S. Williams, of Bryn Mawr, Lower Merion township solicitor; Henry Delaplane, of Merion, township commissioner; John S. Clarke, of Bryn Mawr, and Winthrop Sargeant, Jr., of Haverford. These composed one-third of the bank's board of directors, five of whom are elected every year.

At a regular meeting of the directors held following the session of the stockholders, all the old officers of the company were re-elected. These were President, Richard J. Hamilton; Vice Presidents, Dr. Herbert A. Arnold, of Ardmore; Murdoch Patterson Clancy, of Narberth, Horatio L. Yocum, Harry C. Bare, of Ardmore; Treasurer, Daniel Leitch, of Narberth; Secretary, Horace W. Smedley, of Ardmore.

The Merion Title, which is the largest bank on the Main Line, maintains two branches in addition to its main office in Ardmore. These are in Cynwyd and Narberth.

CALL THIRTY HERE TO SERVE ON JURY

Panels for April Civil and June Criminal Court Drawn.

Thirty Lower Merion and Narberth residents were drawn this week for jury duty May and June in Norristown civil and criminal court. They include Miss Alma Wanamaker, daughter of William H. Wanamaker, Merion, and Thomas Corson Yocom, Cynwyd member of the Lower Merion School Board.

Twelve residents of Lower Merion and two of Narberth are included in the panel of 96 extra jurors who have been called to serve for an additional week of April term civil court, sitting Monday, May 21.

They are Charles Benedrick, Morris Cahill, Albert Hall, Felix Hart, Stephen Hennessey, C. S. A. Henry, Joseph Myers, Catherine McPhillips, Laura M. Smith, Abram G. Tatnall, William White and George D. Watt, all of Lower Merion, and Anna Darville and Anna Pray, of Narberth.

Names of 124 citizens of Montgomery county, including 13 Lower Merion and three Narberth residents, have been drawn for the Grand and Petit juries to sit at the June term of criminal court, which will begin Monday, May 28.

For the Grand Jury, week of May 28, Ada S. Bomberger, Edmund Haley and M. Laverne Osmond are called from Lower Merion. For the Petit jury, week of June 4, the following are named: Samuel Alcorn, Warder Bason, Elmer Danenberger, Edward Fetters, Carrie M. Hoff, Marie R. Lussan, William R. Poole, Marion L. M. Thayer, Alma Wanamaker and Thomas C. Yocom, Lower Merion; also Winnie Fretz, Carl F. Greyer and Fred B. Gray, Narberth.

Will Be Parade Judges

The Hon. Fletcher W. Stites, of Narberth, who will be one of the four judges of the Boy Week parade taking place today. He is a former State Senator and Burgess of Narberth Borough.

Former Assemblyman Benjamin H. Ludlow, of Ardmore, who will be another of the parade judges for Boy Week. The remaining judges are: William J. McIntyre, of Ardmore, and Walter C. Neely, president of the Bala-Cynwyd Fire Company. The reviewing stand will be at the Cynwyd fire house on Montgomery pike.

BOYS WILL COME INTO OWN IN WEEK THAT BEGINS TODAY ON MAIN LINE

Parade From Rosemont to Cynwyd Inaugurates Event, While Meeting at Narberth Theater Opens Week in Borough—Scouts to Rule Township for an Hour.

With a relay race and impressive auto parade this afternoon and special church services in each community Sunday, Lower Merion's and Narberth's Boy Week will be formally inaugurated. Weeks of planning culminated in a meeting in the Ardmore "Y" last Thursday night, at which the Boy Council completed its plans for the Main Line's participation in the national week.

From Roberts road and Lancaster pike, Rosemont, a relay of Scouts will carry a Boy Week message to Mayor Mackey in Philadelphia. The race will commence at 10 o'clock this morning.

At the same time this morning Main Line's most pretentious parade in years will take place. Decorated cars will be entered by individuals, Boy Scout troops and business houses and associations and each fire company in the township and borough will join the parade with an engine. Prizes will be awarded for the most artistic and original cars in the parade.

Lower Merion will be in the hands of boy rulers for an hour next week, when from 4 to 5 P. M. on Friday, thirteen commissioners selected from the eleven boy scout troops in the township will hold office in the township building at

Ardmore. Seven boys will also be school directors in Superintendent S. E. Downs' office of the Senior High School, and others will be police officials and justices of the peace.

The commissioners, who were elected by their various scout troops earlier in the month for Boy Week, which begins tomorrow, held an organization meeting in the Ardmore "Y" last Wednesday, when committee appointments and other township officials were named. While the boy rulers hold sway next Friday, other scouts will patrol regular police beats throughout the township.

Will Parade Through Township.

The parade will form entering Roberts road, Rosemont, from Lancaster pike to County Line road at 10 A. M. today. It will proceed west to Lancaster pike, the starting line, then east on Lancaster pike through Bryn Mawr, Haverford and Ardmore, to Church road, Ardmore; left to Montgomery pike, Wynnewood; right to Essex avenue, Narberth; right to Haverford road, left to Montgomery pike, Merion; right to Bryn Mawr avenue, Cynwyd, to City Line, Bala, where it will end.

HEARING WELL ATTENDED

Gas Main Will Probably Be Under Street on Sabine Avenue.

The public hearing held by the Highway and Sewer committee of Council to learn the property holders opinion as to the laying of the new gas main on Sabine avenue was very well attended. The hearing was held in the Legion room of the Community building.

The unanimous opinion of the property holders was that the new main should be placed under the street and not under the sidewalk as is being done in the township. The School Board agreed with the property holders that it should be under the street and recommended also that no digging should take place in the school block until the end of the school year.

While not bound to do so, Council will no doubt be guided by the property holders and grant the Suburban Counties Gas and Electric Company a permit to lay a new main under the street on Sabine avenue.

VOTING LIGHT

At one of the quietest primary elections ever held in the borough the regular ticket was nominated by both parties. Edward S. Haws was chosen alternate delegate to the Democratic National Convention.

GIVE BENEFIT MOVIE

The Junior Community Club will give a movie benefit on Tuesday, May the 8th. The picture will be Lois Moran and Lawrence Gray in "Love Hungry." Tickets may be procured from members of the club.

TRADE BOARD MEETS

Want Haverford Avenue Washed to Keep Down Dust

The Narberth Board of Trade held its April meeting Monday noon with 25 merchants present. Lunch was served by Marios Chios.

Four matters came up for discussion, all of which are to receive later consideration. The board will continue its efforts to discover why the Pennsylvania Railroad has apparently broken faith with the business men by removing the freight station to Ardmore.

A letter has been sent to J. O. Hackenberg, superintendent, asking when the Pennsy's promise of Wynnewood delivery would be met. No reply has been received at the time of the meeting.

The dirty condition of Haverford avenue came in for criticism. The Board of Trade will make an effort to have the street flushed at least once a week so as to reduce the amount of dust blowing into stores and offices.

A committee was appointed to look into the suggestion that ground-cover plants be placed on the railroad banks. The merchants hope to interest other organizations in the idea, which was suggested in a letter to Council this month.

E. A. Carlson, president of the Main Line Boy Scout Council, spoke of the plans for Boy Week and asked for the moral and financial support of the business men. Both were forthcoming. A donation of \$35 was voted, and the merchants have prepared a float to be entered in the parade.

SCHOOL TAX RATE REDUCED BY BOARD

Cut of One Mill Effected at a Recent Meeting of School Board.

APPOINTMENTS MADE

As a result of a recent meeting of the School Board the school tax rate has been reduced one mill, or from 19 to 18 mills. This tax rate was made possible by careful pruning and economies in the budget for 1928-29 which was reported by the Finance Committee and adopted by the board. The reduction, however, was not at the expense of teacher's salaries or the general efficiency of the school but by effecting certain economies which in no way interfere with the general well-being of the school. The new school tax rate supersedes that of 19 mills which has been in effect for about 10 years. The per capita school tax remains unchanged.

There is only one vacancy in the school teaching staff at the present time which means the smallest change of personnel in several years. That one was created by the resignation of Miss Louise McMorran, who will discontinue teaching. Miss Frances B. Decou also resigned but her work as secretary will be done by Mrs. Ruby K. Perishich, who is in charge of health and secretarial work, so no vacancy results in this case.

With the two exceptions noted above, the teaching staff was re-elected en masse. The appointments for the next school year are as follows: Kindergarten, Ethel L. Williams; first grade, Nelly M. Wetherill, Amy J. Enion; second grade, Florence Bishop, Charlotte Eckfeldt; third grade, Mae W. Wilkie; fourth grade, Sara E. Hoak, Alice R. Miller; fifth grade, Mary L. Hoover, Florence W. Timlin; sixth grade, Frances G. Hayes, J. Florence McKay; seventh and eighth grades, Ida S. Munro, mathematics and history; Josephine Tyson, English and Latin; A. Margaret Eckbert, English and geography; Isabel L. Ross, mathematics and history; Margaret A. Gassner, art; Frances B. Fricke, music; Esther M. Cherry, science and domestic science; Margerie Church, physical education; Mrs. Ruby K. Perishich, health and secretary; Benjamin J. Cook, manual arts and gymnastics.

The present school year will close June 15. The School Board announces that the Recreation Board has extended the use of the community building for the kindergarten for another year, so that department of the public schools will be taken care of for next year at least.

ORGAN DEDICATED

With a large attendance, the dedication of the new organ in St. Margaret's Church, last Sunday night, proved to be a civic occasion. Rev. Robert F. Hayes was host to members of every denomination who joined in the celebration held by their Catholic neighbors.

The ceremony was largely a musical one, with selections by the organ, solo and group singing, and singing by the entire audience. The address of the evening was made by the Rt. Rev. Msgr. John J. Mellon, who spoke on the use of music in the church.

In the place of Marie Zeckwer Holt, who was ill, Mrs. William Hamilton sang in the trio and as soloist.

HOLD PLATTER LUNCHEON

A platter luncheon will be given by the American Legion Auxiliary. Harold D. Speakman Post, on Tuesday, May 1, at 12.30 o'clock in the Legion room of the Community building. Tickets may be obtained from Mrs. R. C. Collins or any member of the Auxiliary. Homemade dishes will be served by the ladies of the auxiliary and cards will follow luncheon.

PLAN GUILD BENEFIT

The Narberth branch of the Needlework Guild of America will hold a benefit at the Narberth Theater on Tuesday afternoon and evening, May 22. The picture to be presented is "Sorrell and Son." Tickets may be secured from any of the directors. The proceeds will help the Guild carry on its work among the poor and needy.

His Successor Picked

Dr. Ezra S. Deubler, who will retire as head of the Bala-Cynwyd-Narberth Rotary Club, July 1, when his successor, Guy Croyle, of Merion, elected at Tuesday's luncheon, will assume office. Dr. Deubler is superintendent of the Penshurst Farms on State road, Narberth.

MRS. ROSS GUEST OF HONOR AT TEA

Past Presidents of Community Club in Receiving Line.

G. E. RAIGUEL TO SPEAK

Mrs. Abram Bunn Ross, president of the Montgomery County Federation of Women's Clubs, was the guest of honor at a tea given by the Women's Community Club of Narberth, Tuesday afternoon, at the home of Mrs. Eberhardt Mueller.

In the receiving line were the past presidents of the club; Mrs. A. B. Ross, Mrs. L. C. Batchelor, Mrs. H. A. Jacobs, Mrs. L. C. Douglass and Mrs. F. C. Torrey, president of the Board of Directors.

Mrs. H. I. McConnell, Mrs. C. H. Shaw, Mrs. W. R. Green and Mrs. C. A. Farmer, now president, Mrs. N. C. Anderson poured tea from lovely old willow ware tea pots in blue and white china. A real Chinese linen cloth embroidered in blue made a fine setting for a bowl of pink roses and blue larkspur surrounded by four tall blue tapers. Mrs. J. W. Darville, chairman of hospitality and her committee were in charge. Many club presidents and officers in Montgomery county were present as well as club members.

On Monday afternoon Mrs. Geo. N. Gill and her committee of Welfare gave a bridge party. Over 30

NOMINATE OFFICERS

At a meeting of the Narberth Fire Company last Tuesday the present officers were nominated for the coming year and will be re-elected at the May meeting of the company. Plans were also discussed for the participation of the local company in Boy Week. A piece of Narberth apparatus will be in the Bryn Mawr to Philadelphia parade.

ALUMNAE ATTEND

The annual spring luncheon of the Philadelphia Chapter of Goucher College Alumnae will be held on Saturday, April 28, at the Penn Athletic Club. Those from Narberth who will attend include Mrs. E. C. Town, Mrs. A. L. Horst, Miss Adaline Bawden and Miss Gertrude Cooper.

WINS WASHER

Mrs. Lawrence Kirscht, of Forest avenue, was the lucky person when drawings were held for a Maytag washer at the Public Ledger Home-makers School in Philadelphia last week. The machine was delivered to her this week.

HOLD STATED MEETING

A stated meeting of the General Robert Patterson Chapter N. S. U. S. Daughters of 1812 will be held at the home of the regent Mrs. Robert Lewis, 51 East Penn street, Germantown, Thursday May 3, at 2 o'clock.

KING'S DAUGHTERS LUNCH

The regular monthly meeting of the Evangelical Circle of King's Daughters will be held Wednesday, May 2, at the home of Mrs. Frank H. Hewitt, 116 Essex avenue. Luncheon will be served at 12.30. The word for the roll call is Inheritance.

TREE PROBLEM IS ROTARY SUBJECT

Harold G. Mattoon Tells of Insects Which Attack Growth.

NEW OFFICERS ELECTED

A talk on trees and the election of officers were the features at the meeting of the Bala-Cynwyd-Narberth Rotary Club Tuesday. The speaker was Harold G. Mattoon, of Cynwyd, tree expert of the firm of Harrison, Mertz and Emlen.

Mr. Mattoon, chosen to bring the message of National Forest Week, spoke in practical vein of the tree problems affecting the average suburbanite. Such matters, he said, are of more intimate interest than the conservation programs in forests hundreds of miles away.

"Many of the diseases and insect pests which attack the forest find their first foothold in the shade trees of cities and their suburbs," the speaker said. "We must control them, both for the sake of our own trees and to save the forests."

Mr. Mattoon mentioned a number of the common scourges of trees, and showed the members specimens of wood with the marks of insect ravages and disease. That these attacks are widespread was demonstrated by the statement that over 400 species of insects attack the oak alone.

Fire, said the speaker, is well known as a destroyer of the forests because, being spectacular, it gets much publicity. But ten times as much damage, he claimed, is done by "bugs." Some of these he described at length.

Borers, aphids and scale insects are the worst, the Rotarians were told. The borer most annoying to shade trees is the leopard moth, which lays its eggs high in the branches. The worm, when hatched, bores for many inches through the heart of live wood, weakening the branch.

Preceding the talk, the club chose the officers who will take charge of affairs on July 1. Guy Croyle was elected president; W. Russell Green, vice president; William H. Fowler, secretary; William H. Decker, treasurer; Conrad Albrecht and Fred Walzer, directors.

SMALL ATTENDANCE AT LOCAL MEETING

Citizenship Topic at School in Gathering Friday Evening.

According to one speaker at the citizenship meeting held last Friday night at the Narberth School, the biggest news was given out by Col. I. A. Miller when he announced the cut in the school tax rate. All the rest however, was not, as this speaker gallantly affirmed, anti-climax.

Mrs. H. L. Schwartz and Judge Knight were the principal speakers of the meeting, which was also featured by community singing led by Bruce A. Carey and short talks by Rev. Robert E. Keighton and Rev. Samuel MacAdams. A somewhat sparse audience was in attendance at this affair, the first of its kind, whose avowed purpose was to create more general interest in the problems of citizenship. The meeting was sponsored by the Women's Club of Narberth, of which Mrs. E. C. Town is citizenship chairman.

Col. Miller extended the welcome of the school board to those present and urged parents to come to the school oftener. Mr. Keighton told a parable involving the Chinese cemetery and the gentleman operating the laundry on Narberth avenue, which gave an interesting sidelight on racial ties. Mr. MacAdams, himself a naturalized citizen, spoke with conviction on naturalization.

The function of Mrs. Schwartz's talk was, as she said, provocative; to create interest in the machinery of democracy, of which the vital part is the ballot, and stimulate her hearers to find out things for

ASK FLAG DISPLAY

Merchants and residents of Lower Merion and Narberth are requested to display their American flags tomorrow and all next week in an appeal issued Wednesday by H. A. Buehler, secretary of the Main Line Boy Council, which is sponsoring the township and borough celebration of National Boy Week.

The display is especially urged for tomorrow, when a large procession of gaily decorated cars, laden with boys, will parade through the township and borough, commencing at 10 A. M. in Rosemont, and concluding sometime before noon at Bryn Mawr avenue and City Line, Bala.

At the Theater

John Gilbert plays a newspaper reporter in an ultra-modern romance laid in Washington, the nation's capital, in his new Metro-Goldwyn-Mayer starring vehicle, "Man, Woman and Sin," coming Monday and Tuesday to the Narberth Theater. It is a story of newspaper life, laid in a modern metropolitan daily, with a notable cast that includes Jeanne Eagles, famous stage star of "Rain," and others of note.

How a youthful prank, conceived in the spirit of fun, may sometimes have quite serious results is demonstrated in the latest Gotham Production, "The Cheer Leader," which comes to the Narberth Theater on Wednesday.

As the title indicates, this is a story of the college and campus and the spirit of youth predominates throughout. The incident referred to comes when some of the students dress up a good-looking youth as a girl and then start a flirtation between the "girl" and the handsome college hero who thinks he is a lady-killer.

Hilarity will be in order at the Narberth Theater when the Fox comedy, "Why Sailors Go Wrong," is on view there Thursday, Friday and Saturday. The story starts out in a big city where

two pals, one Jewish and the other Irish, are shown as friendly competitors in the transportation business.

Sally Phipps and Nick Stuart make a charming couple in the feature roles and the comedy team is composed of Sammy Cohen and Ted McNamara. This is a mirthquake from start to finish.

WOUNDS

"The city's very great," they said. But I was silent while they chirped and smiled, And pointed out the buildings' heights And costs—they calmly catalogued and styled.

Oh, yes; the walls were high, I know, They shut the sunlight out; they were as men Who long ago had sold their souls.

I sighed and found no company with them.

Wild with a suffocating pain, My heart arose and beat against the walls

The grim bars chastened it—it bled And fell back as a caged bird falls.

It strove to mount, there was no spring Down here. It sank, all bruised, all sad—and then

I took it out among the fields For the wind-kissed buttercups to heal again.

Jeddo-Highland COAL

1858 was the year in which the first ton of Jeddo-Highland coal was mined. At that time, this coal was justly considered the highest quality anthracite on account of its high heat giving value, low ash content and careful preparation.

TODAY seventy years later, Jeddo-Highland Coal is being mined from the same seams in the same compact property—the original high quality is unchanged—and the most exacting standard of preparation is strictly adhered to.

You will find our equipment and organization will measure up to the quality of Jeddo-Highland Coal which we handle exclusively.

FORESTRY WEEK, APRIL 22-28

Pennsylvania Needs More of This

A planting of pine trees in one of the Pennsylvania State Forests. Thirty-five million two hundred and fifteen thousand trees have been planted on State land since 1910. More land is needed for this work. Will the taxpayers of the State support the bond issue authorizing it?

FORESTRY WEEK IS SET BY COOLIDGE

President Urges Observance of Conservation and Expansion

BIG NATIONAL PROBLEM

The text of the President's proclamation is as follows:

"For several years a special week has been set apart for public discussion of our forests and of what must be done to safeguard and restore them. Among the agencies making for progress in this direction, American Forest Week has proved its usefulness and I am glad to proclaim it again and to announce that Canada is again concurrently observing a similar week.

"The rehabilitation of our forests demands first of all that the forest fire evil be suppressed. Many of the forested States, with the co-operation of timberland owners, have undertaken organized protection against forest fires, and in recent years, under the Clarke-McNary law, the Federal Government has given its support to the movement. This great co-operative enterprise must be extended and strengthened until every forested county in the United States is safeguarded against forest fires.

"But we are still far from the goal of complete protection. Every year, on the average, 80,000 fires scourge our woodlands, steadily undermining their vitality. For this bad situation, the blame falls equally on us all. Public agencies rarely provide adequate protection against fire, the timberland owner is too often indifferent to his property, the forest worker is too often neglectful of the future forest, the average citizen is too often careless with fire in the woods. We must all gain such respect for the forest that its destruction through indifference or carelessness shall be unthinkable.

"We can not permanently abuse our forests with impunity. The soil is the ultimate source of all our wealth and of life itself. One-fourth of our American soil is best suited for forests. Much of this land is already idle. More of it is being made idle by destructive logging and fire. Yet we can not safely permit our forest land to lie fallow and useless any more than we can permit our farms and factories to lie idle.

"To make our vast empire of forest land fully productive of continuous crops of timber will have momentous consequences in our national life. It will give agriculture the advantage of a new and valuable crop. It will afford permanent employment to millions of men in the forest industries. It will provide raw materials for many industries. It will furnish traffic for our railroads. It will maintain foreign and domestic commerce. It will restore our forests as conservers of soil and water, and as givers of health and pleasure to our people.

"We already have made a beginning in forest renewal; but the task is stupendous, and we should permit no satisfaction over what has been done to blind us to the magnitude of what remains to be done.

"NOW, THEREFORE, I, CALVIN COOLIDGE, President of the United States of America, do hereby designate and set aside as American Forest Week the week beginning April 22 and ending April 28, in this year of 1928. I recommend to the Governors of the various States that they also designate this week for special observance by all our people; and that where practicable and not in conflict with law or custom, Arbor Day be observed during the course of the same week. I urge that during that week all citizens and appropriate organizations—including public officials, legislators, business organizations, educators, editors, clergymen, landowners, and others—give thought to the preservation and wise use of our forests, to the end that energetic forest policies will be adopted in all communities."

American Forest Week

President Coolidge has officially designated the week of April 22-28 for nationwide observance of the annual "American Forest Week."

The President set apart this week, he said, "for public discussion of our forests and of what must be done to safeguard and restore them." He emphasized particularly the need for suppressing the forest fire evil, and pointed out the benefits to agriculture, in-

dustrial, commerce and national life that will result from making the forest lands of the United States fully productive of continuous timber crops.

This year marks the eighth annual observance of American Forest Week, President Harding, in 1921, having issued the first proclamation which brought the Federal Government behind the movement. The week this year, as it has for the past two years, assumes an international scope through the fact that Canada is observing its

"Save the Forests" week at the same time.

The week in the United States is directed by an American Forest Week Committee, of which Theodore Roosevelt, of New York, is chairman. A large number of organizations, representing a wide variety of interests, are co-operating, among them associations representing outdoor, wild life, and recreational interests, foresters and forestry association, the lumber consumers of forest products, labor, scientific, civic, agricultural, press, church, and women's organizations, as well as the State and Federal Governments. Local Forest Week committees are being organized in every State.

In his proclamation, President Coolidge urges that during the week "all citizens and appropriate organizations—including public officials, legislators, business organizations, educators, editors, clergymen, landowners and others—give thought to the preservation and wise use of our forests, to the end that energetic forest policies will be adopted in all communities."

Ex-Governor Martin G. Brumbaugh is chairman of the Pennsylvania American Forest Week Committee.

WILL GIVE FAIR

With a magician and ventriloquist; sales of cakes, candy and fancy articles; a side show of small moving pictures and other attractions, a fair and entertainment will be given by the Church School of St. Asaph's Church at the parish house, Conshohocken road, north of City Line, next Friday from 3 to 6 P. M.

The proceeds will be added to the Lenten offering.

American Forest Week, 1928

A few facts about the forestry situation in Pennsylvania:

Total area of Penna. State Forests	1,150,000 acres
Other forest and waste land	13,000,000 acres
Denuded waste land	7,000,000 acres
Total area of the State of Penna.	28,650,000 acres
Penna. State Forests were started in 1898.	
Income from these forests to date is	\$734,782.00
Deposited for State School Fund	427,482.00
Taxes paid by State to Counties on these forest lands	56,542.00
Cost per acre of State Forests	\$2.26
Present value	12.00

THE FOREST BOND ISSUE OF \$25,000,000 will purchase a total of 5,000,000 acres, an area equal to that of the State of New Jersey. This is to be bought and replanted at a cost of \$5 per acre.

Acres to be purchased yearly, 100,000.
Annual cost of purchase and planting

Interest at 4 per cent., \$20,000.

AMOUNT APPROPRIATED IN LAST SIX YEARS

TIME REQUIRED AT PRESENT RATE OF PURCHASE

Lumber imported into Penna. from outside

Pulp wood imported

Yearly cost of this imported lumber

Yearly freight on this lumber

Losses in abandoned lumber sections

TOTAL PREVENTABLE YEARLY LOSSES

Re-forestation will put these waste lands to work again that denuded, as they are now, are costing us \$100,000,000 yearly.

President Coolidge has said: "No other of our internal problems is of greater moment than the rehabilitation of our forests."

Dean Cooley, of the University of Michigan and President of the National Engineering Council, has written: "Re-forestation is the most vital factor in the future welfare of our country."

If the future citizens of the State could speak to us, they would say, "We can have forests only if you provide them. Purchase the idle forest land now and put it to work. You make the investment for us; we will help pay the interest on the bonds, and the timber will pay off the principal."

WITHIN 50 YEARS THESE NEW FORESTS SHOULD YIELD A NET INCOME OF \$2.50 TO \$5.00 PER ACRE PER YEAR.

Minimum annual income estimated	\$15,000,000
Maximum annual interest on bonds	1,000,000
Estimated income from present Forests	3,500,000
Estimated value of State Forests	14,000,000

Why Should We Enlarge Our State Forests?

Because it is a first class business proposition!

While Pennsylvania is talking about a Forestry bond issue of \$25,000,000 New York State is about to vote on a similar issue of \$100,000,000. This money will repay itself as no other public improvement could. It will grow back into the taxpayers' pockets.

HOME—A PRODUCT OF FORESTS

The first trees of our forests to fall before the woodsman's axe were in New England. Many of the houses built by the early settlers around Boston and other Massachusetts towns are still standing—a tribute to the durability of WOOD.

Wherever we go in New England we find "Beauty in Wood," something that creates in us a desire to imitate the design, and methods of construction used by our forefathers.

It will be possible for many years to come to get Long Life Woods for structural and decorative purposes. Much of the present-day lumbering is being done conservatively. In many cases only selected or approved trees are cut and sent to the mill, permitting the younger ones to remain until maturity.

The "Beauty" lumber acquires in the forests, is with it when it reaches our yard. You will find it in every board—somewhere.

The Good News

For its move in reducing the school tax rate to 18 mills the Narberth School Board is due for congratulations. When such a step can justifiably be taken there is cause for shouting. Nothing affects the average citizen quite so vitally as taxes. A man may or may not vote regularly according to the temperature of his political proclivities, but he pays taxes whether he feels like it or not. By helping to reduce the taxpayers' burden the school board earns the universal thanks of all Narberth residents.

The school board has taken pains to make it clear that this tax reduction was made possible through careful planning of the budget and by effecting certain economies which in no way interfere with the efficiency and well-being of the school. No teachers' salaries have been reduced nor other false economies instituted.

By this step the school board falls in line with a recent and, most assuredly, a popular tendency in the borough, viz: tax reduction. It was no long ago that Council reduced the borough tax rate from 24 to 20 mills. While not as large proportionately, the cut in the school tax rate is still significant. There are few communities that can boast of similar tax reductions within such a short period.

We venture to surmise, however, that this epochal news will be received complacently enough. But what a howl would arise if the tax rate was boosted one mill!

Here's to the Boy

Modern psychology has done a great deal towards the recognition of boys and girls as individuals, not merely as small immature adults. People today realize that a boy's interests and sports play a vital part in his development as a valuable member of society.

Boy Week is an institution, comparatively recently organized, which calls attention nationally and locally to this enterprising and active group of future voters and business men. It is to make parents and everyone else, too, aware, at least for seven days of the year, if they are not always, of the importance of the lives of boys as independent beings.

Boy Week on the Main Line was first started officially last year and was followed by the organization of the Main Line Boy Council. The officers and local chairmen of this body have been active during the entire year planning the features of the week—sports, parades and contests of all sorts. For there is no means of arousing boys' enthusiasm more potent than competition. Therefore there are athletic contests and marble contests.

The details of all these activities demand much preparation and work on the part of those who are willing to give their time to make Boy Week a success. They are to be congratulated on the arrangements they have made, covering so large an area and so many people. For each day in the week is planned and the time for every feature.

Here's to the boy, not only this week, but every week in the year!

S. S. WHITE HOME SOLD

The home of S. S. White, Jr., dental goods manufacturer, has been sold, according to an announcement made this week. The house is located on Old Gulph road, just north of Hag's Ford road, one mile north of Narberth.

The new owner is Frederic R. Kirkland, who purchased the property through the offices of William H. Wilson & Co. and W. Gordon Smith. The house is close to the picturesque old White home at the fork of the roads, a yellow house hidden by trees.

The property consists of a stone English style residence containing 20 rooms and 4 baths, garage with chauffeur's quarters, situated on a lot of one and one-half acres, and contains a frontage of 334 feet on Old Gulph road. It was sold for \$50,000, at which price it was held for sale. The property will be occupied as the residence of the purchaser.

Mrs. Charles Irwin, of Ardmore, formerly of Narberth, and Mrs. H. G. Venemann, of 212 Hampden avenue, also attended the convention in Washington last week of the D. A. R.

CITIZENSHIP MEETING IS WELL RECEIVED

CONTINUED FROM THE FIRST PAGE themselves. The president of the United States, she pointed out, is the most powerful man in the world, not because of his powers of office, but because he is the thought leader of the world.

There will be 14 amendments on the ballot slips next November and now is none too soon to be acquainting oneself with them. Many of them have to do with expenditure and for that reason are of particular interest to all citizens. If all voters were as careful with regard to public expenses as they are with personal expenditures the reign of extravagance would soon end. The installation of voting machines was an amendment which Mrs. Schwartz advocated since they end to eliminate election disputes and are far more scientific.

Judge Knight, while scheduled to speak on American citizenship, limited his remarks to jury service. He traced first the history of judicial procedure from trial by battle and ordeal to trial by jury. The present system of choosing jurors is, the speaker admitted, unscientific. Of the 3000 persons called for service in Montgomery county about 75 per cent. serve. Of the 25 per cent. who get off, about half have reasonable excuses. Excuses presented to judges usually may be grouped under three classes: doctor's certificates, business excuses and feeble excuses. The first class are always honored and the second when they appear valid. It is surprising, though, Judge Knight said, how many financial crises and business crashes have been avoided by the releasing of men from jury service.

A high class of men is needed for jury service and the speaker urged everyone to hold it as a high type of public service. It is the only way in which the conviction of citizenship is brought home to the average citizen outside of voting.

In conclusion the speaker made a plea to the citizens to have faith in the Courts, since they are the last refuge of law and order and the backbone of Americanism.

TO LEAD GLEE CLUB

The election of David J. Speck, 21 Woodbine avenue, Narberth, as leader of the Haverford College Glee Club for next season was announced last week. Speck is a member of the junior class and has been on the Glee Club for three years.

The FIRESIDE

Mr. and Mrs. Charles M. Evans, of Merion avenue, gave a dinner party Tuesday evening in honor of Mrs. E. Steir, of Toronto, Canada, who is visiting here.

Miss Helyn Brookhart, of Baltimore, Md., was the guest of Miss Anne C. Compton, of Woodbine avenue, last week-end. They are classmates at Temple University.

Mrs. Eleanor Thorne entertained at bridge Saturday at her apartment on Essex avenue.

Invitations have been issued by Miss Carrie Louise Douglass for a bridge party to be held at her home on Elm Terrace Saturday next.

Mr. and Mrs. Wainman Stoehrer, of Pittsburgh, were the guests of Miss Lois Smith, of South Narberth avenue, this week.

The "Rips" met this week at the home of Dunstan Smith, in the Avon Apartments, Tuesday evening.

Mrs. Samuel Z. Shope, 108 Iona avenue, has been in Washington, D. C., this week, presiding at the Daughters of 1812 convention. Mrs. Shope is the national president of the organization.

Rehearsals are being held for two plays to be given in the near future by the choir of the Lutheran Church. "Dinner at Six," one of the plays, includes the Misses Alma and Wilma Vogel, Freda Senn and Erna Kaehler. Raymond Maxwell and Bill Senn. The other play is "Young Doctor Devine."

Mr. Wilton Stackhouse, of Price avenue, is attending a house party this week-end in Sea Isle City, N. J.

The sub-juniors will meet at the home of Miss Virginia Douglass on Elm Terrace Monday evening and discuss plans for a cake bake to be held some time soon. The dance last evening at the Brynwood Manor Inn was a very successful affair, both socially and financially, and it is hoped that the dances will be given frequently.

Miss Elma Reese, of Hampden avenue, and Miss Jane Knowlton, of Ardmore, are spending the week-end in Concordville, Pa.

Mrs. Joseph H. Miller, of 426 Haverford avenue, entertained the members of her bridge club Friday last at her home. The members are Mrs. James B. Smith, Mrs. George W. Orth, a former resident, but now living in Logan; Mrs. Samuel E. Jefferis, Mrs. H. F. Stevens, Mrs. J. E. Chapatte, Mrs. John R. Abbott and Mrs. E. H. Cochran. Mrs. Smith will be hostess at the next party, Thursday.

Mrs. Jack Stallard, of Hampden avenue, entertained at a luncheon and bridge party Thursday at her home. There were twenty guests, mostly from out-of-town.

Mrs. Robert S. Morgan, of Amherst, Mass., has returned to her home after visiting her sister-in-law, Mrs. Charles H. Shaw, of Avon road.

Mrs. Arthur Goldsmith, Montgomery avenue and Mill road, one of the State chairmen of the Pennsylvania Federation of Music Clubs, spent the past week in Altoona, where she attended the tenth annual convention of the club. She also was a delegate from the Matinee Musical Club of Philadelphia.

A farce comedy in three acts, "More Wives," will be given at the Narberth Public School auditorium on Friday and Saturday evenings, April 27 and 28. The performances are for the benefit of the Narberth Fire Company.

BLESSING-WILSON

A wedding which came as a big surprise to their many friends was that of Miss Lilian Wilson, of Merion, and Mr. Richard Blessing, which took place last Friday, the 13th, in Elkton, Md. Mrs. Blessing is the daughter of Mr. and Mrs. J. Ralph Wilson, of 673 South Highland avenue, Merion. Mr. Blessing, or "Dick," as he is better known here, lived at 121 Conway avenue, and is on the force at the Narberth Post Office. The couple are making their home at 500 Woodside avenue.

DANIEL BAIRD

Daniel Baird, president of the Sixth National Bank, died at his office last Thursday afternoon from heart disease. Mr. Baird, who was 73 years old, made his home with his daughter, Mrs. J. Howard Wilson, and his granddaughter, Miss Elizabeth Louise Wilson, at Narberth and Chestnut avenues. Interment was in West Laurel Hill Cemetery. Despite his advanced age Mr. Baird attended his office daily and he was stricken an hour or so after he came to work. Mr. Baird was a past master of Melita Lodge, No. 295, F. and A. M., and served for many years as its secretary. He was the first high priest of Melita Royal Arch Chapter, No. 284. He had been president of the Sixth National since December, 1919.

WILLIAM J. HERSCHAFT

William J. Herschaft, of 318 Dudley avenue, died last Friday. Mr. Herschaft was in the employ of a Philadelphia department store. He is survived by his wife Anna, who is the proprietress of the Elm Gift shop on Haverford avenue, and by a son, Joseph G. Herschaft. High Requiem Mass was said Tuesday at St. Margaret's Church. Burial took place at Holy Cross Cemetery.

COMMUNITY CLUB

guests enjoyed cards, candy and prizes.

Mrs. W. Russell Green, chairman of programs for the Woman's Community Club, has arranged with Dr. George Earle Raiguel, the well-known traveler and lecturer, for a current events program next Tuesday afternoon, May 1, at the Community House in the Girl Scouts room.

As is well known, Dr. Raiguel was received by Mussolini and other notables in Europe and Asia; he, therefore, speaks with an authority which many people appreciate. He will use the forthcoming Presidential campaign as a background for the American part of his lecture, and will give the salient points in foreign affairs to keep his audience informed as to foreign policy.

Dr. Raiguel, of Philadelphia, who travels to all parts of the world to get first-hand information on the affairs of nations, has just returned from our Pacific possessions, where he was in the company of the Secretary of the Interior, Dr. Hubert Work, and from an extended trip of investigation in Belgium, Germany, France and Great Britain.

for safer, more delightful travel

The illustrations of the Nash Advanced Six and Special Six Sedans, shown above, point out two very great advantages which belong to everyone who drives the Nash.

For climbing hills, going around other cars, getting away in front at a traffic start, Nash has extra power and greater flexibility, produced by the highly perfected, precision balanced, Nash 7-bearing motor, and the equally famous Nash straight line drive.

Coming down hills, driving in traffic, meeting a sudden emergency—Nash 2-way 4-wheel brakes surround Nash owners with exceptional safety. And they also require the minimum of attention and adjustment, because of their 2-way and fully equalized design.

The extra power and extra safety of Nash travel cost you nothing, as you will discover if you compare Nash prices to the prices asked for other cars. Nash leads the world in motor car value!

New Bryn Mawr Presbyterian Church Is Nearing Completion

What probably will be the handsomest church structure along the Main Line and one of the finest in the suburbs is rapidly nearing completion in Bryn Mawr. The edifice is being built by the Bryn Mawr Presbyterian Church to replace its present structure adjoining.

Dr. Andrew Mutch, pastor, will conduct his first service in the new church Sunday, May 6, according to present plans.

Built along Gothic lines of architecture, this improvement will cost in excess of \$500,000. It is being constructed by Doyle and Company from plans by Walter T. Karcher and Livingston Smith, Philadelphia architects.

The new church has an exterior of Foxcroft stone trimmed with cut stone. It is fireproof with entrances on all sides. The building has an imposing tower which is topped by a metal steeple.

One of its many features is an excellent organ, the pipes of which have been placed in the tower which opens into the church.

More than 1300 persons can be accommodated in the church, while quarters have been provided in the basement for community enterprises. Care was exercised in the planning of the building that worshippers in any part of the church will be able to hear distinctly at all times and for this reason the interior is trimmed with special acoustic tile.

GETS HALF SISTER'S SHARE

Mary S. Worthington, of 838 Summit Grove avenue, Bryn Mawr, is a beneficiary for life of one-half of the income of a trust fund of the residuary estate of her late sister, Elizabeth C. Spencer, of New York City, who died at Saranac Lake, N. Y., leaving an estate estimated at over \$10,000, according to a will filed for probate in New York City last Thursday.

The remaining one-half of the residue goes in a trust fund to the decedent's brother, and the principal to his children.

Was Toastmistress

Mrs. Raymond Donges, of Merion, N. J., who acted as toastmistress at the third annual banquet of the Main Line Business and Professional Woman's Club, which was held Tuesday evening at the Brookline Square Club. Josephine Gemberling, Cynwyd, violinist, was one of the artists on the entertainment program. Richard J. Hamilton, president of the Ardmore Chamber of Commerce, was one of the speakers.

Casa Del Rey Sold

On April 15, the Casa Del Rey property on Lancaster Pike in Haverford was transferred to a new owner. The new manager is E. C. Atkinson.

It is the plan of this management to operate the property substantially as it has been in the past. No change in rentals is contemplated, and a restaurant and garage will be maintained. A new restaurant is planned for the west wing of the first floor, and the present one will be used as a grill room; an entrance is to be constructed from Lancaster avenue communicating with both of these. Other changes and improvements are to be made in the interior of the building.

"Whitehall" has been chosen as the new name. This recalls to Main Line residents the old Whitehall Station and Whitehall Hotel on the old line of the Pennsylvania Railroad, between Haverford and Bryn Mawr.

HAVERFORD TO HAVE MIDDLE ATLANTICS

Championships to Be Held for Three Years at Main Line College.

20 COLLEGES COMPETE

The Main Line will have the biggest college track and field championships of the Philadelphia district in 1928 on Walton Field, the home of Haverford College's athletic teams, May 18 and 19. The 20 members of the Middle Atlantic States C. A. A., including such institutions as Lafayette, Rutgers, Haverford, Swarthmore and New York University, will send 100 famous champions and track athletes in an attempt to break the records and win the cups and trophies.

Not since 1925 has an event of this caliber been staged along the Main Line and the many former stars and champions of this section will be in eager attendance on the afternoons of May 18 and 19. Delegations are expected to attend from New York, Baltimore and Washington and loyal students from the many colleges represented will swell the crowd.

New York University will bring a determined team eager to repeat the success of last year and win the meet. Haverford and Swarthmore, those traditional rivals whose battles are well known to Main Line residents, will be spurred on by their own differences. Rutgers and Lafayette are well known for their successful track athletes and will add much to the competition.

Haverford will be the scene of Middle Atlantic meets for the next three years and in the event that they are held successfully at the local college, will be held there permanently.

GIVE SCHEDULES

Women's Interclub Tennis Play Will Commence Saturday, April 28.

Announcement of the Interclub tennis schedule for the season was made last Monday by Mrs. Harrison Smith, of the Merion Cricket Club, secretary of the Women's Interclub Tennis Association of the Philadelphia district.

There will be two leagues, as usual, with Merion, Germantown, Philadelphia Cricket, Belfield, Philadelphia Country and Huntingdon Valley taking part in the first-team league. In the second-team league, Merion, Germantown and Philadelphia Cricket Clubs will have their teams competing with Philmont and Bucks county first teams.

The second-team league will open the season on Monday, April 30, and play every Monday and Thursday, with the final matches on May 14. The first teams will begin play on Tuesday, May 1, and play on Tuesdays and Fridays, with the championship matches May 15.

The schedule:

FIRST TEAMS

May 1—Belfield at Germantown, Merion at Country Club, Cricket Club at Huntingdon Valley.

May 4—Merion at Belfield, Cricket Club at Germantown, Country Club at Huntingdon Valley.

May 8—Germantown at Merion, Belfield at Huntingdon Valley, Cricket Club at Country Club.

May 11—Huntingdon Valley at Merion, Belfield at Cricket Club, Germantown at Country Club.

May 3—Philmont at Merion, Bucks County at Cricket Club.

May 7—Germantown at Merion, Cricket Club at Philmont.

May 10—Philmont at Bucks County, Cricket Club at Germantown.

May 14—Bucks County at Germantown, Merion at Cricket Club.

Court Rules to Be Same

Basketball rules for 1929 will remain intact and as they have been for the last year if the word of the Eastern Pennsylvania district of approved officials means anything. The refs from the eastern sector of the State attended the annual banquet of the Philadelphia board last week at the Hotel Adelphia when the decision was made.

Answering a questionnaire from the national board, the 50 referees present unanimously agreed no changes should be made to the court rules.

"Give the players and fans a chance to become thoroughly familiar with the rules and regulations," seemed to be the prevailing opinion of all those present.

Charles Eckles, of Bryn Mawr, was re-elected vice president of the Philadelphia district board. Lew Miller, of South Ardmore, was chairman of the Banquet Committee.

CHAMBER OFFICERS AGAIN RE-ELECTED

Brown and Baer Are Named New Directors—Turn Down Credit Plan.

Richard J. Hamilton was unanimously re-elected president of the Ardmore Chamber of Commerce at its annual meeting and election, held in the Ardmore Y. M. C. A., Tuesday night, April 17. Mr. Hamilton, who is president of the Merion Title and Trust Company, is active in many Main Line civic associations, and had expressed unwillingness to serve another term as head of the Chamber.

President of the body since its organization ten years ago, Mr. Hamilton will now commence his eleventh year of service. His election came after Harry C. Bare, vice president, who also was nominated for president, declined the honor.

Other officers re-elected were Harry C. Bare, vice president; Howard G. Kurtz, treasurer, and A. L. Reinhold, secretary. William G. Frankenfield and Dr. J. Watson Goddard had also been nominated as vice president but both declined. David Charles and William S. Casey had been nominated with Mr. Kurtz as treasurer, but Mr. Charles withdrew and Mr. Casey was defeated. Only 35 members were present to vote.

New Directors: Brown and Bare.

J. E. Brown and John L. Baer were elected members of the board of directors, to serve for three years, succeeding E. A. Fitts and Frank R. Mills. The board now consists of Dr. J. W. Goddard, chairman; William G. Frankenfield, William T. McIntyre, J. E. Barkman, John Weigel and the two new members. Other nominees for the office were Barclay H. Azpell, William S. Casey, Thomas W. Cronin, E. A. Fitts, George B. Matthews, John W. Phillips, Pentz Pippin, Henry L. Reinhold and David M. West.

Requests by the Wayne Business Men's Association that the Ardmore Chamber co-operate in a Main Line credit and collection system inaugurated a year ago in Wayne, were turned down, following a report by Dr. Goddard for the board of directors, which had considered the matter.

"Business men's associations in Bala-Cynwyd, Bryn Mawr, Paoli and Malvern have also been asked to work with Wayne on the proposition," Dr. Goddard reported, "but speaking for Ardmore, I fear the idea is not feasible."

"Three years and four years ago, the Ardmore Chamber tried to establish a credit system of its own," he declared. "It failed, after only seven of Ardmore's merchants had consented to become members of the service, which cost only \$10 to join. Many declined—and probably would decline now—to open their books for inspection of customers' accounts; and yet the success of this system depends on the co-operation of each merchant, who would be called upon to inform the bureau of the credit standing of his patrons."

Offers Road Signs Free.

Chairman J. E. Brown, of the publicity committee, reported that the Keystone Motorist's Association has offered to erect at highway intersections, road signs directing traffic to Ardmore without charge to the Chamber, as a result of publication of a report last month that Mr. Brown had recommended the Chamber place these signs itself. Upon recommendation of one member that the Chamber investigate the cost of Narberth's signs, which were termed attractive, Mr. Brown was asked to secure information from the borough before further action is taken.

Warning that Lower Merion police will enforce the recent State law forbidding all-night parking in alleys and private rights of way, was sounded by Dr. J. W. Goddard, chairman of the Chamber's fire prevention committee. "It is absolutely imperative," he said, that fire apparatus have free ingress to the rear of all properties.

"The township police took the numbers of cars parked out-of-doors last Friday night after issuing a second warning to all offenders. Two members of the police and fire committee of the township week, accompanying the police.

"If these warnings are not heeded there will be a final check-up in the near future, and all offenders will be fined, in accordance with the State law."

Vote \$50 for Boy Week.

John K. Baer reported for the Banquet Committee that six performers have been secured to entertain the five hundred guests who will attend the Chamber's tenth annual banquet Tuesday, May 15. Efforts are being made by the merchants to secure door prizes for each guest from wholesale distributors of groceries and other commodities.

A donation of \$50 was voted to aid the Boy Council in its Boy Week expenses, and it was decided to recommend that all Ardmore merchants display flags Saturday, April 28, when a parade and relay race will officially open the week's activities.

A letter of thanks was received from the Ardmore library for the Chamber's recent promise of a \$500 annual contribution.

An expression of appreciation was voted the Philadelphia-Suburban Counties Gas and Electric Company for its co-operation in financing the lighting of Lancaster pike, accomplished last year. Its \$1109.27 bill for completion

of installation of 60 service connections was ordered paid.

Objects to Circulars.

Henry L. Reinhold reminded the merchants that the Main Line Boy Council maintains a vocational placement bureau for boys and girls as part of its community service.

Thomas W. Cronin, chairman of the Chamber's Censor Committee, entered a complaint against the promiscuous distribution of circulars and other advertising matter.

STILL AFTER PARKERS

Lower Merion police are still after motorists violating parking regulations on various Main Line thoroughfares. Warning tags are given first, and if not heeded are followed by summonses. Several warning tags were given to parkers this week on Simpson road, Lancaster Pike, Cricket avenue, Ardmore.

BUTT STARTS FIRE

The Bryn Mawr Fire Company extinguished a rubbish fire in the cellar of the Doyle Building, Warner and Lancaster avenues, Haverford, 6.05 P. M. Tuesday. No damage was done. It is believed the fire was caused by the careless flinging of a lighted cigarette butt into the rubbish heap.

Cleanliness and Care Have Produced Results

TODAY the mortality rate in the territory we serve is much lower than before modern methods of milk production were introduced. Where epidemics formerly appeared from time to time, these sections now have become comparatively immune.

The highest standards of quality and cleanliness exist in selecting and supervising our country supply sources . . . The same care follows every step of production from the farm to your home. At various dairy products shows, farmers whose milk output is bought by Supplee-Wills-Jones invariably are awarded the majority of prizes offered. A recent case was the show at West Chester, in which 8 prizes were taken by dairies whose output is purchased by this company. These include the silver cup for high score. Our milk has been awarded 32 Gold Medals in 18 years and a total of close to 400 prizes, including medals, cups, ribbons, banners, etc. . . . This record is unapproached by any other milk anywhere.

A PAGE FOR NARBERTH'S CHURCHES

THE PEOPLE CALLED QUAKERS

An Exposition of Their Faith Prepared Especially for "Our Town."

The following article, prepared by Miss Marion T. Justice, clerk of the Merion Preparative Friends' Meeting, concludes the second series of pages devoted to the churches of Narberth.

About the year 1647 a young man of 19 years, one George Fox, felt a restless urge to seek a spiritual truth other than which the church of his time offered. Alone he sought for it and at last—as he records in his Journal "When all hopes in all men were gone so that I had nothing outwardly to help me nor could tell what to do—then, oh then, I heard a voice which said 'there is one even Christ Jesus, that can speak to thy condition' and when I heard my heart did leap with joy."

Thus was laid the foundation stone of the Society of Friends—the revelation of the inner light which asks no human mediator to translate its meaning to the individual. Guided by this inward manifestation of the Christ spirit, the early Friends lived their daily lives in practical observance of the laws of justice, temperance, commercial honesty and social form. Friends were among the first to advocate and help bring about prison reform, abolition of slavery, suppression of the liquor traffic and to look after the welfare of Negroes and Indians.

The testimony for peace has always been a vital part of our principles, since George Fox said, "that he lived in the virtue of that life and power which took away the occasion of all wars." For the most part consistently the society has stood for the truth that the only way to settle international disputes was by a spirit of love and justice. During the course of the recent world war, many young people of the society found their active work in giving fearless and impartial service to the war victims. It was in 1917, that the American Friends' Service Committee was organized and this has done much to awaken the social consciousness of the present-day Friends, and to spread a greater understanding of the Quakers throughout the world.

The Society of Friends has no creed in the ordinary sense of the word, but a member has grouped a number of statements which he calls the first

four principles of the Society of Friends.

First—The Supreme Being. Recognition and worship of God, the Creator and Ruler of All, attributing to Him the supreme qualities of Goodness, Love and Mercy. (The first of these is fundamental to all religion.)

Second—The Divine Immanence. Belief that God, thus good, loving and merciful, directly reveals himself to the perceptions of man; that his light shines into our souls, if we admit it, and becomes thus "God's gift for man's salvation." (The second is the distinctive doctrine of Friends, without which there can be no Quakerism.)

Third—The Scriptures. Confirming this immediate revelation of the Divine nature and purpose, the Scriptures record the visitations of God to the souls of men in past ages, and, in the New Testament, present to us the sublime and crowning truths of the Christian dispensation. We therefore revere the Scriptures, and desire to become possessors of the truth they contain, through the enlightenment of the same Spirit by which that truth was originally given forth by God. And without such enlightenment we believe none can obtain a true spiritual knowledge of them.

Fourth—The Christ Rule in Daily Life. Desiring the guidance of the Divine Spirit which was in Jesus, and embracing, from the force of His example, and through inward conviction, the infinite truth He illustrated and taught, Friends see in it the ideal of a religious life, and have striven to make real His teachings—the Spirit,

not the letter; Reality, not Form; Love, not Hatred; Brotherly Kindness, not Oppression; Moderation, not Excess; Simplicity, not Ostentation; Sincerity, not Pretense; Truth, not Deceit; Economy, not Waste, and out of their sincere, if unperfected, endeavors to guide their daily acts by these Christian rules have logically and directly come their "testimonies" and most, if not all, of their "peculiarities."

Our Meetings have simplicity as their keynote. We meet at an appointed time and sit in silence. This silence must be filled with the desire to know and feel God within us. Silent prayer and meditation are aids in attaining this state. If as often in such a meeting there comes to someone the conviction that his thoughts should be shared with others, he rises and gives his message—briefly since the value is often lost if buried unduly in needless words. A responsibility rests on everyone present to try and raise the spiritual temperature by his own deep seeking and by giving sympathetic attention to those who may have a message.

This constitutes an ideal Meeting toward which we strive.

To all of you who read this we extend a cordial invitation to join us in our meeting for worship some First day morning in the old Merion Meeting House. Our meeting House has an historical background that draws many strangers from distant points to visit with us. We are glad to meet and talk with them and we are especially

glad to welcome those of you who live nearby.

Composed by a Scoutmaster of Detroit, Mich.

"Our Father, make us *Trustworthy*, for there are those who trust us. Make us *Loyal*, for through loyalty we reach our highest ideals.

Teach us to be *Helpful*, for through helpfulness do we forget ourselves. Make us *Friendly*, for there are so many who need a friend.

Make us *Kind*, for kindness is the oil in the cogs of life's machinery.

Help us to be *Clean* in thought, in speech and in deed, and may we remember that our bodies are Thy Holy Temples, and that any abuse thereof is to tamper with the plans of the Almighty Architect.

Above all, O God, help us to be *Reverent*; not reverent only toward Thee, but reverent toward all things which Thou hast made."

In Christ's Name we pray. Amen."

SENIORS PLEASE WITH TWO PLAYS

Benefit Performance Draws a Large Audience to High School.

STUDENT STARS SHINE

Shakespeare's drama of "The Taming of the Shrew," and a modern play, "Tickless Time," by Susan Glaspell and George Cram Cook, were enacted by the dramatic club of the Lower Merion High School senior class Friday night in the senior high school at Ardmore, before an appreciative audience that filled the auditorium to capacity.

Given for the Leonard Wood Memorial Leprosy Hospital fund, the benefit performance was a marked success, from a dramatic as well as financial standpoint. Capable acting, good stage settings and remarkably clear enunciation distinguished the plays, which were presented with a finish of which a more experienced troupe might well be proud.

In the first play Robert Kesler as Ian Joyce, maker of a Provincetown, Mass., sundial, which truthfully refused to coincide with Philadelphia's "mean" time, convinced Eloise, his wife (Hope Burlingame), that existence without clocks would be ideal. Jane Knowlton, substituting at the last minute for Ellen H. Shaw, who was taken ill with a cold, also became a convert to "the truth."

Richard Bye and Ann Speed, as Eddy and Alice Knight, refused, with their "standardized minds," to grasp the truth. They were unsuccessful in their efforts to persuade the Joyces that "truthful time" is not worth personal inconveniences when it clashes with standardized time—until Rosalie Shaw, as Annie the cook, revolted. She refused to cook eggs by a sundial.

Bury Sundial.

The clocks were resurrected from their grave in the garden, and the sundial was interred in their stead. "Truthful time" lost its struggle with standardization, but six capable actors won the audience's applause with their well-rehearsed, well-pronounced lines.

Robert Kesler was especially good in his part as a seeker after truth. Richard Bye as Eddy Knight lost his moustache at a crucial moment—and more comedy resulted, with no detriment to the performance.

Shakespeare was brought up to date in a shortened version, performed in modern dress, with a minimum of scene-shifting, as the players' second part of the program. Especially commendable was the acting of Greta Gibbons, president of the dramatic club, as Katharina, the shrew; Ben Ludlow, Jr., as Petruchio, of Verona, her suitor, and Allan Claghorn, as Grumio, Petruchio's servant.

Others given credit in the program printed by the school's press for their assistance in making the play a success were Miss Dorothy Holland, head of the English Department; Theodore Moore, of the same department; Miss Bush, of the Art Department, and Mr. Rinchart, of the Manual Training Department.

The cast of "The Taming of the Shrew" follows:

Baptista (a rich gentleman of Padua), Sam Barclay
Vincentio (an old gentleman of Pisa), Clarence Cooper
Lucentio (son to Vincentio, in love with Bianca), Tom Libby
Petruchio (a gentleman of Verona, suitor to Katharina), Ben Ludlow

Consider these things about your coal dealer

It will pay you real money in savings
to pick your coal dealer carefully

Record—Newton serves over one-third of Philadelphia homes and has built this business because of quality coal and saving money for our customers.

Aim—Newton has the highest quality coal standard in the country. We will never sacrifice the quality of Newton Coal. There is no substitute for quality.

Ability—We have grown large because we had the best brains in the coal business, always working toward quality coal as economical as possible.

Price—Our tremendous size insures us of the lowest purchasing price. No one can or does sell a coal comparable in quality

with Newton Coal at such a price. Our price is always the lowest possible for such quality.

Men—We are proud of our organization—yard superintendents, telephone girls, drivers—all of them. Notice the courtesy—the carefulness of Newton drivers for instance. See how careful they are of our customer's property. See how they leave the window—lawn—pavement as they found it. See how they keep their horses in wonderful shape. We will not hire a man who does not care for horses.

You should buy your coal now to save money. And you should certainly buy Newton Coal—the finest quality you can buy.

SECTION A BOWLING

Battlers Leading as Third Series Nears End.

There have been some hotly contested games as the third and last series of the season is nearing the end.

Battler Nicholson has the highest single and highest three games in the third series. This happened in the afternoon of March 24, which was also noted for two other high scores. Pilots Riddle and Brown were tie with scores for three games of 543. Pilot Laughlin came close to the high mark for single in the last series when he rolled 219 on April 17. The Battlers and Pilots had an exciting finish in the first game of this match which ended a tie, 744 pins each, but was won by the Battlers in the roll off of an extra frame.

LUNCHEON WAS SUCCESS

Women Voters Hear Miss Gertrude Ely—Many Attend Chicago Convention.

Over 200 guests attended the annual spring luncheon of the Montgomery County League of Women Voters, held last Wednesday at the Bellevue-Stratford in Philadelphia. Speakers included Miss Gertrude S. Ely, of Bryn Mawr, who spoke for her candidacy as Democrat delegate at large, to which post she was elected at Tuesday's primary.

Main Line members of the county league, who are attending the national convention of women voters leagues in Chicago, include Miss Ely, Mrs. George H. Strawbridge, Bala; Mrs. Charles M. Lea, Devon, and Mrs. Allan E. Shubert, Narberth. Mrs. Edward Lafitte, Rosemont, executive secretary of the county league, was named a delegate, but was unable to go.

GILFILLAN CAMP

Swimming Club

Spring Lake

Paoli, Pa.

The primary object in joining a club of this kind is that one may go there for a couple of hours in the evening for some real exercise and relaxation or enjoy a whole day in the great outdoors.

Spring Lake, because of its accessibility to the Main Line and its natural beauty, makes it irresistible. The location, combining the attractions of woods and fields, provides ideal picnic spots. The lake affords quiet, shallow water for canoeing. There is a beach for timid swimmers and beginners, and for the more advanced swimmers and divers every facility for water sports, tennis, basketball and other sports is offered. The year-round membership includes ice-skating privileges.

There is health in the great outdoors—health in its fullest sense—physical, mental, spiritual. Our late President Roosevelt said: "To be fit mentally, one must be fit physically." This exclusive little place will serve the latter purpose.

Adults, \$10.00; six to sixteen years, \$5.00. Children under twelve years of age must be attended by adults. Guest, accompanied by member, 50 cents. Special rates for families. Swimming instructions, six lessons for \$5.00.

Something unusual

at

WAYNE

In the Martin's Dam Section just five minutes by motor north of Wayne Station, on the Main Line, a Colonial village has been started.

These single homesteads will occupy sites varying from one and one-half to five acres, and will be built in true Colonial styles, having five and six bedrooms and three baths—prices ranging from \$25,000 to \$45,000.

All of these houses which I build will be equipped with the following unusual features which are included in the sale price:—

1. Hoffman controlled vapor heat—nationally known.
2. "Ideal Red Jacket" Porcelain Enamel boiler with all heating mains in basement covered.
3. Private inter-communicating 'phone to servants' quarters.
4. Metal lath on all ceilings.
5. Large Colonial brass knocker engraved with purchaser's name.
6. Master electric switch from main bedroom.
7. Rubbish chute from kitchen to basement.
8. Individual built-in 'phone booth (Not coat closet).
9. Automobile gasoline tank and pump—280-gallon capacity.
10. Metal weather stripping of entire house.
11. Clothes chute from second floor to laundry.
12. Full-length copper screens.
13. Tile bath floors heated.
14. Lights in all closets on automatic electric buttons.
15. Built-in Electric wall heater in two bath rooms.
16. Copper gutters and flashings.
17. Old crane in each fireplace (Not reproductions).
18. Random width 3/4" oak floors, 5" to 12" wide, with round wood plugs.
19. Old wood carved mantels—Some 100 years old (Not reproductions).
20. A model of each house made to 1/4" scale.
21. Electric ventilating fan in the kitchen.
22. 40-gal. automatic gas water heater.
23. 14-oz. copper gutters, spouting and flashing.
24. Stepping stones used on all porches and walks (No concrete).

There will also be a few houses that will contain in addition to the above the following:—

Colored enamel bath fixtures, 2 baths and first floor lavatory.

Colored tile bath rooms.

Finished room in basement with fireplace and wide plank floors.

Here is an ideal location for the man who wants to live in the country, and yet keep in close daily touch with his business. There is thirty-minute express service (no change of cars), on the P. R. R. Main Line from Wayne to Broad Street Station, with eighty trains daily, and a commutation rate of sixteen cents. In addition there are 134 trains a day on the Philadelphia and Western R. R., and bus service along the entire Main Line.

Adjoining this tract is the new "Chester Valley Stables" riding academy from which one may take daily rides over the beautiful countryside and through the Valley Forge Park of 2500 acres. A polo field and steeplechase course will shortly be added to its facilities. The new St. David's Golf Club is within walking distance to the south, while adjoining this tract to the north is the newly-completed Valley Forge Golf Course. Directly east, and practically adjoining, is the "Bob White Farm," home of the Chester Valley Hunt. At Wayne is a new motion picture theater with 1500 seating capacity. Wayne also has numerous fine stores and public, parochial and private schools. Six churches.

Thirty-seven plots, of an acre and a half to five acres, in this Colonial Village have already been sold, which certainly shows that many persons are tired of the congested sections.

BIG PARADE TO START WEEK

CONTINUED FROM THE FIRST PAGE

Trophies will go to the first and second best boys' floats, and honorable mention to the three best floats entered by merchants. A. L. Reinhold, Ardmore, is chairman of the Parade Committee.

In addition to its participation in the various contests, Narberth will figure in boy week in several special ways.

This morning, at 10 o'clock, when the parade starts, local boys will be invited to ride the apparatus of the Narberth Fire Company, according to an announcement by Chief Charles V. Noel.

Sunday will see all communities in Lower Merion and Narberth attending special mass meetings and song services for the boys, their parents and friends.

Tomorrow afternoon at 4, a special program has been arranged for Narberth's Sunday mass meeting at the local theater. The program was not fully completed at time Our Town went to press, but five pastors have signified their intention of co-operating, to which every man and boy is invited. The pastors are:

Rev. John Van Ness, pastor of the Presbyterian church, presiding.

Rev. Robert F. Hayes, rector of St. Margaret's Roman Catholic Church.

Rev. Robert E. Keighton, pastor of the Baptist Church of the Evangel.

Rev. Samuel MacAdams, pastor of the Methodist Episcopal church.

Rev. Cletus A. Sent, pastor of the Holy Trinity Lutheran Church.

Other speakers prominently identified with work among boys will also participate.

The music will be conducted by Mr. Bruce Carey, director of music at Girard College. And the regular theater organist, Ray Hottinger, will be at the console and render several musical numbers.

Let every man and boy be present.

Free Matinee

Although Boy Week officially ends next Saturday, the Narberth Theater is planning a special program to form a fitting conclusion to the events. A special matinee is being given Monday, May 7.

This will be a free affair, starting at 4:30 P. M. Every boy displaying a Boy Week button will be admitted to see a Buck Jones feature film. Edward A. Carlson, president of the Main Line Boy Council, will be present and will present the champion bugler and champion harmonica player who will play selections for the guests.

NEARING GOAL

Library Needs \$76 More—Erratum Corrected.

During the past week \$29 was contributed to the fund being raised to buy additional shelving and other needed furniture for the Community Library. This brings the total received to date up to \$424, and leaves a balance of \$76 still needed to complete the \$500.

Through a misunderstanding it was stated in last week's issue of "Our Town" that a gift of \$10 had been received from the Junior Women's Community Club. This was an error—but it was not the fault of the printer or the editor of "Our Town." The \$10 contribution came from the Sub-Juniors of the Women's Community Club, and the committee in charge of the library fund gladly corrects the error and acknowledges the Sub-Juniors' generous gift.

Anyone wishing to contribute to the fund and help wipe out the deficit of \$76 should make check payable to "The Narberth Community Library" and mail to Mrs. Elizabeth K. Wood, 237 Forrest avenue, Narberth. The status of the fund to date follows:

Previously acknowledged \$395.00
E. D. Hackman 3.00
Mr. and Mrs. Wm. S. Horner 5.00
W. M. Wentz 5.00
J. G. Atherholt 2.00

GENERAL ELECTRIC
Refrigerator

The General Electric Refrigerator
is almost as portable as an elec-
tric fan. It has no drain pipes or
connections. It can be placed
wherever there is a convenience
outlet. It's as simple as that!

Place it in your kitchen. That saves
steps. And it also stops many a
cold which comes from leaving
a warm kitchen for a chilly back
porch.

If you have a small apartment,
you will be particularly pleased
at the quietness with which the

General Electric Refrigerator
operates. You will be glad that
it has no machinery under the
cabinet. That every part of its
mechanism is sealed inside the
air-tight steel casing which is
mounted inside the coils.

Judged from every angle, these re-
frigerators are supremely practical.
Remember that they are guaran-
teed by General Electric. Come
in and see them. Compare them
with all others. Time payments
can be arranged, if you prefer.
